Father: A Family Backbone!

Dr. Abhishek Kosta
Associate Prof. English

It is said that parents are the
two strong pillars of a family,
Who take care, develop and
support their siblings happily.

A mother often runs family
with little financial supports!
While father contributes all
his income and never reports!!

She has liberty to prepare
dishes to what she craves!
While father enjoys freedom
only to whatever he saves!!

Wardrobes of mother are
packed with multi-coloured clothes!
Father has to satisfy with
few for, as if, he has taken his oaths!!

She possesses jewellery in
abundance that adds to her grace!
Father has only a *Ring* which
is gifted on his marriage to lace!!

The child always connects
to his mother in her mobile first!
But connects to his father
only until the problem gets worst!!

At their old age, the children
would say—‘Mother is quite *useful*’
But they often disparage father
by a remark of his being ‘*un-useful*’!

Despite his selfless devotion,
he hardly lodges any complains!
And loves his children deep
from his heart and never disdains!!

For father always remains
present in family like a ***Backbone!***
That keeps one upright and
retains one’s body well in tone!!
